Rest

- Cat tree and/or wall or window shelf (to climb, observe his territory and apply it's pheromones)
- Various hideouts (tent, cube, tunnel, etc.)
- Cozy bed

Play and activities

- Spray and/or dry catnip (for cats over 6 months)
- Scratching post (cardboard, carpet, sisal)
- Minimum 3 toys of different types (hunting, battle, play). We recommended having several sets of toys in order to rotate and thus maintain the cat's interest and a good level of activity.

Battle toys (big toy that he can scratch with his hind legs and grab with his front legs) :

- Kickeroo
- Dancing fish
- Ducky World Yeoooww Toys (fish, citrus, banana)
- Other long and sturdy toys

Hunting toys (3 hunting types : insects, preys, birds) :

- Various Cat teasers for different hunting types (ribbon, feather, fur, etc.)
- Laser (always end game on another type of toy or treat to finish with a win)

Play toys:

- Carpet with pompom on spring
- Toys hanging from the door frame or window
- Ball in toys (circuit type)
- Ball, spring, mouse
- Catnip or matatabi toys
- Electronics toys (self propelled)
- Crinkle mat

Outings and trips

- Cat collar with personalized medal and SPA license (in case it flees)
- Harness with leash or tie-out cable (for outdoor outings)
- Flea control (depending on the season and the environment, for cats 12 weeks or older)
- Plastic or fabric carrier
- Cushion or blanket for carrier
